

ProTech: Technology & Trades Initiative

Bridging Hope Academy Students to the Future of Work

Building on the foundation of a remarkable, God-centered education that is building future leaders, Hope Academy's ProTech project aims to prepare our students for the future of work, with an emphasis on technology and skilled trades.

STEP 1

Broaden Expectations

- Interests & Abilities
- Passion
- Calling
- Parent Mindset

STEP 2

Increase Exposure

- Field Trips
- Onsite Demos
- Hands-on creation
- Building Workshops

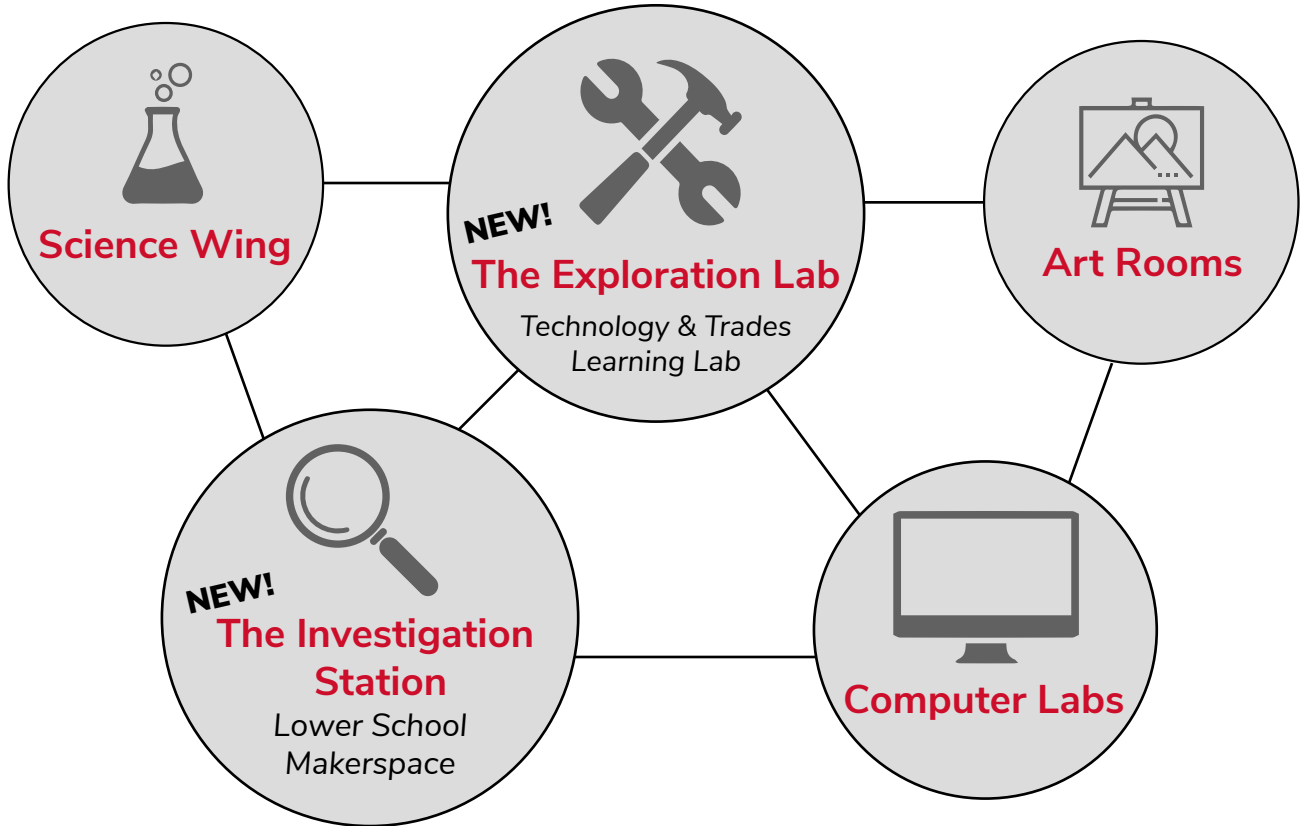

STEP 3

Encourage Exploration

- Internships
- Unit Studies
- Electives
- Partnerships

Spaces & Places

Utilizing existing classrooms and spaces, as well as the addition of two connecting hubs, the ProTech project will help broaden expectations, increase exposure, and encourage exploration for our students.

Future Of Work

- College
- Apprenticeship
- Trade School
- Certification
- On-the-Job Training

We strive for each Hope Academy graduate to move into one or more of the opportunities above.
